Part 3: Translation

Translate the following passage into Urdu.

Should boys learn to cook? Yes, in the twenty first century times are changing rapidly and boys not only need to learn to cook, but to do all the other household tasks too. It is not only better for their present but also for their future.

Nowadays many households consist of a small family and very often both parents are working. If the mother is away or unwell then the son or husband should be able to handle the cooking, the cleaning and all the other domestic jobs very easily.

Since, in the modern world, men and women are sharing the responsibility for earning a living, then it is only fair that both of them play their part at home.

Nowadays people frequently change jobs and are always on the move, and it is not always convenient to eat food from cafes or to get takeaways. If he knows how to cook a man will be happy and will remain healthy too.
